Education

- 2023.9 – present  **P.h.D, Computer and Information Engineering, The Chinese University of Hongkong (Shenzhen)**
Research topic: *Signal detection and estimation, Radio Map, Statistical Signal Processing*
- 2020 – 2023.1  **Master, Electronic and Information Engineering, Harbin Institute of Technology (Shenzhen)**
Research topic: *ISAC, Localization, Wireless Sensor Network, Resource allocation*
- 2016 – 2020  **Bachelor, Electrical and Electronic Engineering, University of Glasgow (joint school with UESTC)**
GPA: 17.93/22 (first-class honours)
Research topic: *Micro-Doppler features, Machine learning, Radar signal processing*
-  **Bachelor, Electrical and Electronic Engineering, University of Electronic Science and Technology of China (joint school with UoG)**
GPA: 3.53/4.0 (top 10%)

Awards and Achievements

- 2016–2020  **Outstanding Student Scholarship**, Awarded by UESTC
- 2020–2021  **First Class Scholarship**, Awarded by HITsz
- 2023–2028  **Category II Scholarship**, Awarded by CUHKsz

Teaching Experiences

- 2023, 2024 fall  **Teaching Assistant** Digital Signal Processing, School of Science and Engineering, CUHKsz.
- 2024 spring  **Teaching Assistant** Signals and Systems, School of Science and Engineering, CUHKsz.
- 2025 spring, 2025 fall  **Teaching Assistant** Digital Communication, School of Science and Engineering, CUHKsz.
